Victoria gang circa 1976

Started in 1976 by Tex Haines and Peter Prietto, Victoria Skimboards (VS) is the most authentic and innovative skimboard company in the world today. We have dominated the market for over 30 years which in today's world of pop up companies and slick marketing is an amazing feat. Starting with the elongated wood board shapes of the late 60's and 70's, VS progressively refined board shapes, introduced rocker, introduced the first foam core boards in 1980, developed the first regular use of the high tech polyvinyl foam, and refined the vacuum bagging techniques used by the vast majority of the industry today.

Today we continue to "Reinvent" our product and processes to higher levels of sophistication and performance. Our team of verifiably the best riders in the world is one of the keys to our skimboard quality. What the riders get in their boards, you get in your board. What I learned as a kid at age 11 skimboarding on Victoria Beach in Laguna Beach California and everything to this very day is incorporated into your board. Your board will have an extremely refined shape, balanced rocker, detailed rails, and be absolutely the best board on the market for the best price. Victoria Skimboards "No-Ka-Oi" Nothing Is Better. That is our promise to you, from everyone at Victoria.

Tex Haines

Tex Haines
President

grinder

Rider: Lexi Huchings

Rider: Matthew Bokor

matrix

The design goal in revising the Grinder for 2008 was the same as it was back when incepted - create a board for the everyday rider with advanced rider personality. Built with Epoxy resin for pop and durability, twin tip for switch capacities, double rail wrap for strength, extra width for stable landings, and a textured deck for grip, the Grinder is the board for tricks/rails at any level.

Size	Suggested Weight	Size in inches
Small	50 - 110 lbs	41.0" x 18.7"
Medium	90 - 160 lbs	44.0" x 20.0"
Large	140 - 210 lbs	47.0" x 21.4"

New to the VS lineup for 2008, the Matrix is the evolution of the Grinder and approaches any area as if it is a park. Light in weight and tuned in with 3-stage rocker for mixing up lines, the Matrix uses Epoxy resin for added strength and durability. Composite construction allows for "Super Pop" during your ride to the rail while the twin tip and standard traction top is pure performance. Eyeball your line, pop tricks higher, shuv-it faster, and stick landings with ease – DESTROY!

Size	Suggested Weight	Size in inches
Small	50 - 110 lbs	41.0" x 17.6"
Medium	90 - 160 lbs	44.0" x 18.7"
Large	140 - 210 lbs	47.0" x 20.4"

The original VS model is built with the beginning rider in mind. A wood core for a steady ride, fiberglass for added durability and strength, the sleek design is perfect for long slides on the shoreline. The most copied wood board on the market, the Woody is the ultimate beginning skimboard.

Rider: Koty Lopez, Photo: Lerum

Size	Suggested Weight	Size in inches
X-Small	30 - 85 lbs	35.7" x 15.7"
Small	65 - 110 lbs	37.5" x 16.5"
Medium	110 - 140 lbs	41.0" x 18.0"
Med Large	120 - 190 lbs	43.1" x 19.0"
Large	150 - 200 lbs	45.5" x 20.0"
X-Large	180 - 220 lbs	48.5" x 21.3"

Simple ideas can be revolutionary. When VS reinvented its Foamie in 2004, we based it on the idea that all riders should have access to advanced materials at an entry level price. A shorter, wider shape with a large surface area, the Foamie was designed for transitioning from the shoreline to the waves. If you are ready for the water then the Foamie is ready for you.

Rider: Morgan Just, Photo: Lerum

Size	Suggested Weight	Size in inches
Small	70 - 120 lbs	46.0" x 18.0"
Medium	110 - 150 lbs	48.0" x 20.0"
Large	140 - 190 lbs	49.5" x 21.0"

Spitting in the face of “stiff board theory,” the Plane Wrap comes equipped Dynamic Rocker Technology™ allowing you to go farther and faster by conforming to the water instead of fighting against it. Polyester resin with elite 5/8” Divinycell foam core allow you to flex into turns for more control while the textured, no gloss finish decreases board weight and gives you the grip you need when popping three-shuvs or when locked in the pocket. High performance at a fantastic price, the Plane Wrap is for you!*

*for additional options see the custom options page

Size	Suggested Weight	Size in inches
X-Small	80 - 130 lbs	50.5” x 19.0”
Small	100 - 160 lbs	51.5” x 19.5”
Med Small	120 - 170 lbs	52.2” x 19.7”
Medium	130 - 180 lbs	52.7” x 20.0”
Med Large	140 - 190 lbs	54.0” x 20.5”
Large	150 - 210 lbs	55.2” x 21.0”
X-Large	170 - 220 lbs	56.7” x 21.5”

One of the greatest things about skimboard design is that the shape the pro rider wants for constant progression is the same shape that works well for great riders who get out just twenty days a year to shred. Designed for the intermediate to advanced skimboarder, the Ultra takes its 5/8” polyurethane foam core encompassed in fiberglass and lays down a blend of power, responsiveness, and stability for all-wave performance.* Available in stock colors or art.**

*not recommended for riders over 200 pounds
**see art page for information

No other board has had more influence on the progression of modern day skimboarding than the Poly. A team favorite, the Poly erases the line between mind and wave. Using an industry elite, lightweight ¾" divinycell foam core with super agile nose/tail taper and fiberglass construction, the Poly is high-tech performance. Equipped with Polyester resin and gloss coat for shine, the Poly will allow you to slash, launch, and stomp with less effort and more power than ever before.*

Size	Suggested Weight	Size in inches
X-Small	80 - 130 lbs	50.5" x 19.0"
Small	100 - 160 lbs	51.5" x 19.5"
Med Small	120 - 170 lbs	52.2" x 19.5"
Medium	130 - 180 lbs	52.7" x 20.0"
Med Large	140 - 190 lbs	54.0" x 20.5"
Large	150 - 210 lbs	55.2" x 21.0"
X-Large	170 - 220 lbs	56.7" x 21.5"
XX-Large	180 - 230 lbs	57.3" x 22.5"

Innovation got a face lift with the introduction of the Wombat in 2005. Using Triple Threat Technology™, the Wombat is part skimboard, part bodyboard, and part surfboard. A two inch thick deck offers superior float on the wake or shorebreak while the soft rails offer peace of mind. The perfect transitional soft board for any condition and comes standard with a removable O'Fish'l fin and leash plug. Available in three sizes for 2008, Dr. Frankenstein ain't got nothing on us!

Size	Suggested Weight	Size in inches
Small	70 - 120 lbs	44.5" x 19.2"
Medium	110 - 160 lbs	49.0" x 21.0"
Large	150 - 200 lbs	52.5" x 22.2"

Medium	130 – 180 lbs	52.7" x 20.0"
Large	160 – 210 lbs	55.2" x 21.0"

Rider: Bill Bryan, Photo: Lerum

Technology has evolved to push the performance envelope and legendary riding is now available and affordable. Who would not want to ride what the 14x Champion of the most prestigious contest on the skimboarding circuit rides every day? Carbon fiberglass delivers stiff pop while ¾" divinycell foam core offers snap. A 1.75" nose rocker gives carry over distance and Polyester resin is used for feel. With a no gloss finish for weight reduction and detailed rails for edge-to-edge acceleration, this board is the perfect extension of your body. Crush the competition with the Beaker Pro Model.

Size	Suggested Weight	Size in inches
Small	100 – 150 lbs	51.5" x 19.5"
Med Small	120 – 170 lbs	52.2" x 19.7"
Medium	130 – 180 lbs	52.7" x 20.0"
Large	160 – 210 lbs	55.2" x 21.0"

Rider: Morgan Just, Photo: Lerum

Destroy transitions, go huge off of everything, and somehow always stomp it – Morgan style. High end explosion from the featherweight ¾" divinycell foam core, the MJ Pro Model is equipped with Carbon fiberglass for added stiffness/burst and 1.75" nose rocker for drive. Polyester resin adds snap and the no gloss finish decreases board weight while precision tapered rails offer edge control at high speeds. Whether you are carving the face of 15' Wedge or popping off the lip at Aliso for a kick flip, the MJ Pro Model is designed for pop. The question is, are you?

Size	Suggested Weight	Size in inches
Small	100 – 150 lbs	50.0" x 20.7"
Medium	130 – 180 lbs	51.2" x 21.2"
Large	160 – 210 lbs	53.2" x 22.1"

Rider: Tex Haines, Photo: Lerum

Considered the “Father” of modern day skimboarding, Tex Haines is ready to share his favorite board with us all. A classic fish shape with extra width for carry, the shortened 5/8" divinycell foam core transitions to a narrower swallow tail for leverage in turns while the parallel rails are excellent for carving any wave. With E-Glass, Polyester resin, a textured deck for grip, and a 1.75" rocker, this fish is speedy and quick thinking for lines that leave no room for error, yet stable for all styles of wave riding.

The Factor is based on the idea that all riders, regardless of wallet size, should have access to the crisp and responsive feel that is unique to a Victoria Skimboards design. A lightweight 5/8" polyurethane foam core, detailed rocker for perfect carving of the wake face, and powerful edge-to-edge control for dynamic pop from one turn to the next make the Factor perfect for snapping off the wake or cranking a bottom turn. Standard with a low profile, removeable Rainbow fin for extra drive and control and traction top for grip and support.*

*for additional options see the custom options page

Size	Suggested Weight	Size in inches
Small	80 - 120 lbs	51.2" x 19.4"
Medium	100 - 160 lbs	53.4" x 20.2"
Large	140 - 200 lbs	55.7" x 21.2"

The Krux is a new edition to the VS lineup for 2008. Our sights set on the Kiteboarder looking to "Reinvent" their style of riding; the Krux comes equipped with a 5/8" polyurethane foam core surrounded by fiberglass for strength and stability, two removable 2" Rainbow fins for drive and control, and defined rails for edge control at high speeds. A versatile board, the Krux is fit for deep water carving or throwing technical jibs in the shorebreak.*

stock art

Victoria Skimboards stock art is available in both print and airbrush designs. Please reference the art design number when ordering.

For additional art options, please see the next page and refer to www.vicskim.com.

CUSTOM OPTIONS

air brushed

printed

Victoria Skimboards offers opaque boards in the following colors (please reference color when ordering):

available solid colors

- white
- light gray
- gray
- yellow
- orange
- red
- maroon
- pink
- aqua
- blue
- light blue
- green
- lime green

fiberglass options

E-Fiberglass

The most common fiberglass on the market offering great performance at an economic price.

S-Fiberglass

Structural fiberglass which is 30% stronger than e-glass and almost 15% stiffer.

Carbon Fiberglass

Extremely strong and stiff. Top of the line.

resin options

Polyester Resin

Standard in VS boards, the most affordable stiff resin on the market.

Vinylester Resin

Improved ding resistance and weight reduction.

Epoxy Resin

Frequently used with Carbon fiber boards, Epoxy offers maximum ding resistance with a softer flex.

foam options

Poly thin: 5/8" blank

Poly standard: 3/4" blank

Poly thick: 1" blank

Plane Wrap standard: 5/8" blank

rail options

Boxy

Tapered

shape options (tail)

Standard

Swallow

Squash

Pin

finish options

glossed, non-glossed, or textured

art options

Victoria Skimboards offers two types of custom art for the top of your Skimboard (additional fees may apply):

- 1) Custom art created by our in house artists
- 2) Custom art created by you

For custom art created by our in-house artists, please go to: www.vicskim.com/art/custom_options/alternateboardart.html.

For getting your own art on a board, follow the specifications below and send your artwork to the email address provided. We will then review your artwork (no obscene or pornographic artwork will be accepted) and place it on the board. Be advised that files with too little optical resolution may print soft if enlarged beyond the file capacity and additional fees apply.

Image Resolution: 300 dpi

Image Size: No less than 8" x 8"

File Type: JPG or TIFF

Your_Custom_Art@vicskim.com

For more information on creating custom art for your board please go to: www.vicskim.com/art/custom_options/yourcustomart.html

Victoria Skimboards offers three types of art for the bottom of your Skimboard (additional fees apply):

- 1) Marble Bottom (\$15 per board, two color limit)
- 2) Picasso Loco Bottom (\$15 per board, two color limit)
- 3) Custom Art (\$75 per board)
